Subject: Registration of Support for Article 16, H5687 and H5456: Sojourner House

Good afternoon,

We are writing to register our support for the three proposals to create a dedicated funding stream for affordable homes: Article 16, H5687 and H5456. Sojourner House is a comprehensive agency that serves victims of abuse. Lack of affordable housing is often the primary reason why victims stay in abusive relationships. Sojourner House supports prioritizing this legislation in order to serve more families in Rhode Island.

Sincerely,

Vanessa Volz
